nurturing innovation and Startups in the country. This will drive sustainable economic growth and generate large scale employment opportunities. The Government, through this initiative aims to empower Startups to grow through innovation and design.

What is Startup India offering to the Entrepreneurs?

Stand up India backed up by Department of Financial Services (DFS) intends to bring up Women and SC/ST entrepreneurs. They have planned to support 2.5 lakh borrowers with Bank loans (with at least 2 borrowers in both the category per branch) which can be returned up to seven years.

PM announced that “There will be no income tax on startups’ profits for three years”

PM plans to reduce the involvement of state government in the startups so that entrepreneurs can enjoy freedom.

No tax would be charged on any startup up to three years from the day of its establishment once it has been approved by Incubator.

The book contains addresses of raw material suppliers, plant & machinery suppliers and more aspects that will help start and maintain a new business. Some of the important project described in the book are incense stick, cosmetic & toiletries, printing ink industry, ice cream, dairy industry (cheese, cream, butter etc.), confectionery industry, candle manufacturing, washing detergent powder, polythene sheet, green peas canning, adhesive manufacturing industry, surgical cotton etc.

The identification of a suitable project within the investment limit of a new entrepreneur is very difficult. The present book strives to meet this specific entrepreneurial need. The book contains processes formulae, brief profiles of various projects which can be started in small investment without much technical knowledge at small place. This is very useful publication for new entrepreneurs, professionals, libraries etc.
