Introduction

Located in the eastern part of India, Odisha is the eighth largest (area) state in the country. It is home to the largest coastal lagoon in India (Chilika Lake). The state is also known for organizing one of the biggest chariot festivals in the world (Rath Yatra). While the state capital Bhubaneswar is known as the 'City of Temples', it's also the sports capital of the country.

Odisha is the land where legendary emperor Ashoka gave up his blood-seeking thirst for power and took to ascetic life. Known for their love for pakhala (rice fermented in water), there is a rice institute in Cuttack, home of Netaji Subhash Chandra and home of the original 'Dahi bara aloo dum' (fried lentil dumplings in a curry-curd mix).

It is surrounded by the states of West Bengal and Jharkhand to the north, Chhattisgarh to the west and Andhra Pradesh to the south. Odisha has a coastline of 485 kilo metres along the Bay of Bengal. The region is also known as Utkala and is mentioned in India's national anthem. Earlier, Cuttack was made the capital of the region by Anantavarman Chodaganga till the British era until 1948. Thereafter, Bhubaneswar became the capital of Odisha.

Economy

Expenditure for 2020-21 is estimated to be Rs 1, 50,000 crore, an 11% increase over the revised estimate of 2019-20. The revised expenditure for 2019-20 is Rs 4,000 crore (2.9%) lower than the budgeted estimate. Fiscal deficit for the year 2020-21 is targeted at Rs 17,878 crore (3% of GSDP). In 2019-20, as per the revised figures, the fiscal deficit is estimated to decrease by Rs 693 crore to 3.41% of GSDP, as compared to the budgeted estimate of 3.49% of GSDP. The budget estimates a revenue surplus of Rs 9,509 crore (1.6%) in 2020-21.

Odisha's economy is consistently growing at a higher rate compared to the national growth. During the last seven years, the average growth of Odisha has remained about 8% compared to national average of about 6.9%. In spite of a slowdown in the global and national economy, Odisha's economy is expected to grow at the rate of 6.16 per cent in 2019-20 well above all India growth rate of 5%.

With the policy of the State Government to promote industries and higher investment in the infrastructure sector along with a focus on the social sector, the State economy is estimated to grow in the range of 7% to 7.5% during 2020-21.

To increase fish productivity and production a provision of Rs.16 crore has been proposed for development of Brackish Water Aquaculture, Marine Fisheries, Intensive Aquaculture and Inland Fisheries. An allocation of Rs.60 crore has been proposed to support Farmers' Producers Organizations (FPOs) in the field of agriculture and allied sectors, food processing, warehousing and logistics sectors.

Reasons for Buying Our Report:

- **The report helps you to identify a profitable project for investing or diversifying into by throwing light to crucial areas like industry size, market potential of the product and reasons for investing in the product**
- **The report provides vital information on the product like it's characteristics and segmentation**
- **The report helps you market and place the product correctly by identifying the target customer group of the product**

- **The report helps you understand the viability of the project by disclosing details like machinery required, project costs and snapshot of other project financials**
- **The report provides a glimpse of government regulations applicable on the industry**
- **The report provides forecasts of key parameters which helps to anticipate the industry performance and make sound business decisions**

Our Approach:

- **Our research reports broadly cover Indian markets, present analysis, outlook and forecast for a period of five years.**
- **The market forecasts are developed on the basis of secondary research and are cross-validated through interactions with the industry players**
- **We use reliable sources of information and databases. And information from such sources is processed by us and included in the report**

Free Instant Online Project Identification and Selection Service

Our Team has simplified the process for you by providing a "Free Instant Online Project Identification & Selection" search facility to identify projects based on multiple search parameters related to project costs namely: Plant & Machinery Cost, Total Capital Investment, Cost of the project, Rate of Return% (ROR) and Break Even Point % (BEP). You can sort the projects on the basis of mentioned pointers and identify a suitable project matching your investment requisites.....[Read more](#)

NPCS is manned by engineers, planners, specialists, financial experts, economic analysts and design specialists with extensive experience in the related industries.

Our Market Survey cum Detailed Techno Economic Feasibility Report provides an insight of market in India. The report assesses the market sizing and growth of the Industry. While expanding a current business or while venturing into new business, entrepreneurs are often faced with the dilemma of zeroing in on a suitable product/line.

And before diversifying/venturing into any product, they wish to study the following aspects of the identified product:

- **Good Present/Future Demand**
- **Export-Import Market Potential**
- **Raw Material & Manpower Availability**
- **Project Costs and Payback Period**

The detailed project report covers all aspect of business, from analyzing the market, confirming availability of various necessities such as Manufacturing Plant, Detailed Project Report, Profile, Business Plan, Industry Trends, Market Research, Survey, Manufacturing Process, Machinery, Raw Materials, Feasibility Study, Investment Opportunities, Cost and Revenue, Plant Economics, Production Schedule,

Working Capital Requirement, uses and applications, Plant Layout, Project Financials, Process Flow Sheet, Cost of Project, Projected Balance Sheets, Profitability Ratios, Break Even Analysis. The DPR (Detailed Project Report) is formulated by highly accomplished and experienced consultants and the market research and analysis are supported by a panel of experts and digitalized data bank.

We at NPCS, through our reliable expertise in the project consultancy and market research field, have demystified the situation by putting forward the emerging business opportunity in India along with its business prospects.....[Read more](#)
