with Low Costs

(Profitable Part Time, Spare Time and Side Businesses)

MONEY MAKING BUSINESS IDEAS

You Can Start from Home
with Low Costs

(Profitable Part Time, Spare Time and Side Businesses)

Introduction

There's never been a better time to start your own company. Every day, new enterprises pop up around the country, and the majority of them are launched at home. Whether these new companies are driven by stay-at-home moms trying to supplement their income, or young people beginning their own firms and looking to boost their monthly income, many people are becoming enamoured with the entrepreneurial spirit.

With the rapid rise of the e-commerce industry, the number of young business owners and start-up entrepreneurs has increased dramatically in recent years. These first-time business owners or entrepreneurs try to expand their firms by implementing new and innovative ideas, generating revenue, and contributing to the growth of the Indian economy. Making money has been easier and faster in recent years as new trends and inventive concepts have been presented.

A person with a strong financial foundation builds a strong independent image and gets confidence in themselves and their business. New business concepts are advancing the concept of making money quickly and efficiently.

Starting a New Business

Starting your own company can be a thrilling experience. It gives you a lot of leeway and opportunity to test and build your own business concept. It's an opportunity for you to put your creative and critical thinking skills to the test by doing the following:

- 1. Investigate your business idea**
- 2. Create a strategy**
- 3. Decide on your marketing strategy**
- 4. Address critical operational difficulties**
- 5. Make your own decisions**
- 6. Start from the ground up with your business concept.**

Starting a business successfully can provide you a sense of accomplishment and satisfaction in knowing you accomplished it yourself.

- 7. Exporting allows managers to exercise operation control but does not provide them the option to exercise as much marketing control.**
- 8. An exporter usually resides far from the end consumer and often enlists various intermediaries to manage marketing activities.**

The background of the slide is a photograph of the dome of the Indian Parliament building in Chandigarh. The dome is a large, golden-brown structure with intricate carvings. At the top, there is a tall, ornate spire. The Indian national flag, with its saffron, white, and green horizontal stripes and the Ashoka Chakra in the center, is visible on a flagpole in the foreground, partially obscured by the dome. The sky is blue with some white clouds.

**The Government of India's Role
in Promoting Innovation
through Policy Initiatives for
Entrepreneurship Development**

Entrepreneurs are beneficial to the economy and job creation. The government encourages and assists innovative start-ups. India is steadily establishing a strong start-up ecosystem. The government has established a ministry (department) committed to assisting new firms in order to promote and support them. The ruling party has announced a slew of initiatives aimed at boosting entrepreneurship in India and providing financial assistance to new businesses.

In fact, India has implemented a number of programmes aimed at boosting the country's entrepreneurial network.

➤ **Start-up India: Prime Minister Narendra Modi launched it on January 16, 2016, and it is part of the Department of Industrial Policy and Promotion. The objective was to help businesses by making compliance easier and easing regulations, as well as launching a loan guarantee fund for startups.**

- **ASPIRE**: India has a long history of launching schemes to help the impoverished in rural areas. **ASPIRE** is one such MSME plan that focuses on the enthusiasm for innovation and development, primarily in the agro-industry.

➤ **MUDRA Bank**: The Micro Units Development Refinance Agency (MUDRA) Bank is a lending facility designed to help rural businesses get off the ground. The MUDRA scheme has helped a number of small-scale food and beverage start-ups prosper.

Pradhan Mantri
मudरेष
Yojna

➤ Ministry of Skill Development and

Entrepreneurship: This Ministry, together with its wise resource allocation, demonstrates India's commitment to promoting entrepreneurship. A ministry created to support and cater to the startup community is constantly planning skill development sessions, tutorials, events, and seminars, as well as gap funding.

MINISTRY OF SKILL DEVELOPMENT &
ENTREPRENEURSHIP
GOVERNMENT OF INDIA

- **Atal Innovation Mission:** The mission of Niti Aayog is to foster collaboration between state, central, and local innovation programmes, as well as to promote entrepreneurship in schools and businesses.

➤ **Ebiz Portal:** It's a mission-oriented project that aims to bring together and connect over 200 different services on a single internet platform. It serves as a single forum for all transactions, clearances, and activity from both parties, operating 24 hours a day, seven days a week online.

➤ **DIDF**: The goal of this programme, which was launched in December 2017, is to deliver technological advances, efficiency, and consolidation to milk processing and diary units.

➤ **SIP-EIT**: The Support for International Patent Protection in Electronics and Information Technology programme focuses on assisting technology start-ups, which have become a popular business area in recent years.

➤ **Multiplier Grants Scheme:** MGS, which is part of the Department of Electronics and Information Technology, focuses on boosting R&D to produce critical products and packaging structures.

Multiplier Grants Scheme (MGS)

➤ **Credit Guarantee Scheme for Startups:** This scheme, also known as CGSS, aims to provide financial stability to micro and small businesses.

It offers zero-collateral loans with additional assistance in the form of discounted interest rates. The initiative is known to target manufacturing businesses while also managing a Rs 100 lakhs corpus.

Table of Contents of the Book

A thought bubble containing the text 'Business Ideas' in a pink, serif font, positioned in the upper right background.A 3D rendered yellow figure, resembling a stylized person or a large letter 'L', is sitting at a laptop computer. The figure is positioned in the lower half of the page, behind the main title.

Market Research Report

The background of the slide is a blurred image of a person in a dark suit holding a newspaper. The newspaper is the primary focus, with the word 'Business' printed in a large, blue, serif font. Below the title, there are several line graphs and charts, and a headline that reads '...s new global crisis, warns IMF'. The overall scene is brightly lit, suggesting an office or newsroom environment.

Objective

- To provide forecasts of key parameters which helps to anticipate the industry performance
- To help chart growth trajectory of a business by detailing the factors that affect the industry growth
- To help an entrepreneur/manager in keeping abreast with the changes in the industry
- To evaluate the competitive landscape of the industry by detailing:
 - ❑ Key players with their market shares
 - ❑ Financial comparison of present players

Clientele

- Venturist/Capitalists
- Entrepreneur/Companies
- Industry Researchers
- Investment Funds
- Foreign Investors, NRI's
- Project Consultants/Chartered Accountants
- Banks
- Corporates
