About the Book

This insightful analysis delves into the current state, future growth potential, and key trends shaping this dynamic sector, poised to play a crucial role in India's sustainable development journey.

Market Overview:

- The report projects the India Lithium Ion Battery Recycling Market to reach a staggering USD [Market Size] by 2030, witnessing a robust CAGR of [CAGR]%. This exponential growth is fueled by the surging demand for electric vehicles (EVs) and the increasing need for responsible battery management.
- Figure 1 illustrates this trajectory, highlighting the projected market value from 2017 to 2030.

Key Drivers:

The report identifies several key drivers propelling market expansion:

- **Rising EV adoption:** Figure 2 showcases the exponential growth in EV sales in India, further amplifying the demand for efficient battery recycling solutions.
- **Growing demand in the power industry:** The increasing integration of lithium-ion batteries in grid storage solutions necessitates robust recycling infrastructure.
- **Supportive government policies:** Initiatives like the Battery WEEE Rules 2020 and PLI schemes for battery manufacturing are creating a conducive environment for the recycling sector.

Opportunities:

The report emphasizes lucrative opportunities for market participants:

- **Commercialization of recycling technologies:** Advancements in hydrometallurgical and pyrometallurgical processes present exciting possibilities for efficient and cost-effective battery recycling.
- **Strategic partnerships:** Collaboration between established players and startups can accelerate innovation and market penetration.

Challenges:

The report acknowledges potential hurdles that need to be addressed:

- **High recycling costs:** Developing cost-competitive recycling processes remains crucial for wider adoption.
- **Safety concerns:** Stringent regulations and safety protocols are essential for handling spent batteries.

Competitive Landscape:

The report provides in-depth analysis of key players like Attero Recycling, LOHUM, SungEel India Recycling, and Eco Recycling, offering insights into their:

- Business overviews
- Financial performance
- Key solutions and services
- Recent developments
- Key personnel

About NIIR Project Consultancy Services (NPCS):

NIIR Project Consultancy Services (NPCS) is a leading ISO 9001:2015 certified consultancy firm providing comprehensive industrial market research, technical consulting, and project feasibility reports. With a proven track record of empowering entrepreneurs and investors, NPCS is committed to delivering high-quality, data-driven insights to support informed decision-making.

Contents

Table of Contents:

- 1 Research Objective
- Objective of the study
- 1.1 Product Overview
- 1.2 Analysis Period of the Study
- 1.3 Data Reporting Unit
- 1.4 Key Stakeholders
- 2 Research Methodology
- 2.1 Research Methodology
- 2.2 Regional Split of Primary & Secondary Research
- 2.3 Secondary Research
- 2.4 Primary Research
- 2.4.1 Breakdown of Primary Research Respondents, By Industry Participants
- 2.5 Market Size Estimation
- 2.6 Assumptions for the Study
- 3 Current India Lithium Ion Battery Recycling Market Scenario
- 4 India Lithium Ion Battery Recycling Market Overview
- 4.1 India Lithium Ion Battery Recycling Market Size & Forecast
- 5 Market Dynamics
- 5.1 Drivers
- 5.1.1 Rise in Demand for Electric Vehicles
- 5.1.2 Increasing Demand for Lithium Ion Battery in Power Industry Market
- 5.2 Opportunity
- 5.2.1 Supportive Policies and Initiatives of Indian Government for Lithium-ion Battery Industry
- 5.3 Trends
- 5.3.1 Growing Efforts to Propel Commercialization of Battery Recycling Industry
- 5.4 Challenges
- 5.4.1 High Cost of Recycling and Dearth of Technologies
- 5.4.2 Safety Issues Related to Storage and Transportation of Spent Batteries
- 5.5 Indian Government Regulatory Framework and Policy for Lithium Battery Recycling Market
- 5.6 New Investment Analysis in Lithium Battery Recycling Market
- 6 Competitive Analysis
- Company Profiles
- 6.1 Attero Recycling Pvt Ltd
- 6.1.1 Business Overview
- 6.1.2 Financial Overview (USD Million)
- 6.1.3 Key Solution and Services
- 6.1.4 Recent Developments
- 6.1.5 Key Personnel

6.2 LOHUM

6.2.1 Business Overview

6.2.2 Financial Overview (USD Million)

6.2.3 Key Lithium Ion Battery Recycling Solutions

6.2.4 Key Personnel

6.3 SungEel India Recycling Pvt Ltd

6.3.1 Business Overview

6.3.2 Key Lithium Ion Battery Recycling Solutions

6.3.3 Key Personnel

6.4 Eco Recycling Ltd (Ecoreco)

6.4.1 Business Overview

6.4.2 Financial Overview (USD Million)

6.4.3 Key Lithium Ion Battery Recycling Solutions

6.4.4 Recent Developments

6.4.5 Key Personnel

List of Figure

Figure 1 India Lithium Ion Battery Recycling Market Value (USD Million) from 2017-2030

Figure 2: Retail Sales of EV in in India in First 11 Month of Cumulative Year 2022-23

Figure 3: Lithium-Ion Battery Price Worldwide from 2013 to 2023 (In USD Per kilowatt-hour)

List of Tables

Table 1 Attero Recycling Pvt Ltd– Overview

Table 2 LOHUM– Overview

Table 3 SungEel India Recycling Pvt Ltd– Overview

Table 4 Eco Recycling Ltd (Ecoreco) – Overview

NIIR PROJECT CONSULTANCY SERVICES (NPCS) is a reliable name in the industrial world for offering integrated technical consultancy services. NPCS is manned by engineers, planners, specialists, financial experts, economic analysts and design specialists with extensive experience in the related industries.

Our various services are: Detailed Project Report, Business Plan for Manufacturing Plant, Start-up Ideas, Business Ideas for Entrepreneurs, Market Research, Manufacturing Process, Machinery, Raw Materials, Project Feasibility, Investment Opportunities, Technical Consultancy and Startup Help.

NPCS also publishes process technology books, technical books, startup books, directory, business database, detailed project reports and market research reports.

Our Detailed Project Report aims at providing all the critical data required by entrepreneurs for starting new business ventures.

NIIR PROJECT CONSULTANCY SERVICES

106-E, Kamla Nagar, New Delhi-110007, India
