"Europe 5G market

The fifth generation of mobile technology (5G technology) is expected to cater to the demand and provide the business frameworks needed by and beyond 2020. In addition to driving a connected society, 5G wireless technology will bring about socio-economic transformations through productivity, sustainability and well-being. Mobile 5G seems to be the next big thing in the global digital connectivity ecosystem. The Europe 5G market is anticipated to expand at an overall compound annual growth rate (CAGR) of 141% and will be worth of 47.63 Bn by 2025.

A recent study conducted with support from the European Commission estimated that the total number of IOT connections across the EU could reach 6 Bn by 2020, and will generate a total revenue of €1.2 Tn (including software, hardware, and services).

The Europe 5G market is classified into SIM cellular connections and SIM M2M cellular connections. This is further divided into data per user, and 5G data traffic for each category. In the Europe, SIM cellular connections hold 94% of the market share, whereas SIM M2M cellular connections are anticipated to exhibit a growth rate that is close to 200%. For SIM cellular connections, 5G data usage per month per user is expected to be around 27.4GB by 2021 and we assumed that there would be stagnant usage. On the other hand, for SIM M2M cellular connections it is expected to be around 2.8GB by 2019 and is expected to grow at an increasing rate.

Based on region, the Europe 5G market is classified into EU 5G market and the rest of the Europe 5G market. The Europe region is expected to hold a significant market share because countries like the United Kingdom, and Italy are making efforts to test 5G networks in 2018 and launch 5G smartphones by next year.

Key growth factors:

- o The major growth factors of the Europe 5G market are continuous evolution towards enhanced bandwidth, lower latency, enhanced security and openness of mobile networks
- o Rapid Population Penetration: by 2020, there will be more than 450 million mobile subscribers in the Europe which will be 84% of total population

Threats and key players:

- o A major challenge for European developers and internet companies is the lack of economies of scale in national markets in comparison to the U.S. or the emerging markets of Asia such as China and India
- o The key players in this market are Deutsche Telekom, Telefonica, Vodafone, Orange, and BT

What's covered in the report?

1. Overview of the Europe 5G market
2. The forecasted market size data of the Europe 5G market
3. The forecasted market size for the segments of SIM cellular connections and SIM 2M cellular connections, and each segment's data usage (GB/month) and data traffic (EB/year)
4. The forecasted market size for application: Internet of Things, Robotics & Automation, Virtual Reality, and others
5. Market trends in the Europe 5G market
6. Market drivers and challenges in the Europe 5G market
7. Current and forecasted market size data for the 5G market, based on countries – EU5 and the rest of EU5
8. Analysis of company profiles of the major players operating in the market

Why buy?

1. Get a broad understanding of the Europe 5G market and its segments based on countries and applications
2. Get region-specific drivers and challenges affecting the Europe 5G market
3. Recognize significant competitors' business and market dynamics, and respond accordingly

Customizations Available

With the given market data, Netscribes offers customizations according to specific needs. Write to us at support@researchonglobalmarkets.com."

Contents

"Chapter 1: Executive Summary

- a. Market segmentation
- b. Key questions answered in this study
- c. Executive summary
- d. Telecommunication industry evolution
- e. Global 5G overview- 2025- 5G SIM cellular connections, 5G SIM M2M cellular connections, 5G traffic

Chapter 2: Europe 5G market

- a. Market overview- Key observations, total revenue (2018-2025) (USD Mn)
- b. Market drivers
- c. Market trends

Chapter 3: Europe 5G market - SIM cellular connections

- a. SIM cellular connections- 5G SIM cellular connections (2020-2025) (Mn), 4G, 3G, and 2G SIM cellular connections (2016-2025) (Mn), key observations
- b. Data Usage by SIM cellular connections- Data Usage (GB/month), key observations
- c. Data Traffic by SIM cellular connections- 5G Traffic (EB / year), key observations
- d. SIM cellular connections-forecasted(2018-2025) market size(USD Bn), key observations

Chapter 4: Europe 5G market - SIM M2M Cellular Connections

- a. SIM M2M Cellular Connections- 5G SIM cellular connections (2020-2025) (Mn), 4G, 3G, and 2G SIM Cellular connections (2016-2025) (Mn), key observations
- b. Data Usage by SIM M2M cellular connections- Data Usage (GB/month), key observations
- c. Data Traffic by SIM M2M cellular connections- Data Usage (EB/month), key observations
- d. SIM M2M cellular connections- forecasted(2018-2025) market size(USD Bn), key observations

Chapter 5: Europe 5G market – applications (Internet of Things, Robotics & Automation, Virtual Reality, others)

- a. Internet of Things- forecasted (2018-2025) market size (USD Bn), key observations
- b. Robotics & Automation- forecasted (2018-2025) market size (USD Bn), key observations
- c. Virtual Reality- forecasted (2018-2025) market size (USD Bn), key observations
- d. Others- forecasted (2018-2025) market size (USD Bn), key observations

Chapter 6: Europe 5G market - by countries

- a. EU5 5G market- SIM cellular connections, SIM M2M cellular connections, Key observations, total revenue (2018-2025) (USD Mn)
- b. Rest of EU5 5G market- SIM cellular connections, SIM M2M cellular connections, Key observations, total revenue (2018-2025) (USD Mn)

Chapter 7: 5G Europe landscape - company overview

a. Company overview - Deutsche Telekom

- i. Key highlights
- ii. 5G growth strategy and investments

b. Company overview - Telefonica

- i. Key highlights
- ii. 5G growth strategy and investments

c. Company overview - Vodafone

- i. Key highlights
- ii. 5G growth strategy and investments

d. Company overview - Orange

- i. Key highlights
- ii. 5G growth strategy and investments

e. Company overview - BT

- i. Key highlights
- ii. 5G growth strategy and investments

Chapter 8: 5G- The road ahead

- a. 5G Impact on media companies
- b. 5G Impact on connected device makers
- c. 5G Impact on network operators
- d. 5G Impact on network suppliers

Chapter 9: Appendix

- a. Research methodology
- b. Assumptions
- c. About Netscribes Inc

Disclaimer: The Table of Contents (ToC) provided above contains the targeted coverage. The coverage is subject to change as we progress with the research.

COMPANIES COVERED

- o Deutsche Telekom
- o Telefonica
- o Vodafone

o Orange
o BT

About NIIR

NIIR PROJECT CONSULTANCY SERVICES (NPCS) is a reliable name in the industrial world for offering integrated technical consultancy services. NPCS is manned by engineers, planners, specialists, financial experts, economic analysts and design specialists with extensive experience in the related industries.

Our various services are: Detailed Project Report, Business Plan for Manufacturing Plant, Start-up Ideas, Business Ideas for Entrepreneurs, Start up Business Opportunities, entrepreneurship projects, Successful Business Plan, Industry Trends, Market Research, Manufacturing Process, Machinery, Raw Materials, project report, Cost and Revenue, Pre-feasibility study for Profitable Manufacturing Business, Project Identification, Project Feasibility and Market Study, Identification of Profitable Industrial Project Opportunities, Business Opportunities, Investment Opportunities for Most Profitable Business in India, Manufacturing Business Ideas, Preparation of Project Profile, Pre-Investment and Pre-Feasibility Study, Market Research Study, Preparation of Techno-Economic Feasibility Report, Identification and Section of Plant, Process, Equipment, General Guidance, Startup Help, Technical and Commercial Counseling for setting up new industrial project and Most Profitable Small Scale Business.

NPCS also publishes various process technology, technical, reference, self employment and startup books, directory, business and industry database, bankable detailed project report, market research report on various industries, small scale industry and profit making business. Besides being used by manufacturers, industrialists and entrepreneurs, our publications are also used by professionals including project engineers, information services bureau, consultants and project consultancy firms as one of the input in their research.

NIIR PROJECT CONSULTANCY SERVICES , 106-E, Kamla Nagar, New Delhi-110007, India. **Email:** npcs.india@gmail.com **Website:** NIIR.org
