"Latin America 5G Market

The fifth generation of mobile technology (5G technology) is expected to cater to the demand and provide the business frameworks needed by and beyond 2020. In addition to driving a connected society, 5G wireless technology will bring about socio-economic transformations through productivity, sustainability and well-being. Mobile 5G seems to be the next big thing in the global digital connectivity ecosystem. The Latin America 5G market is anticipated to expand at an overall compound annual growth rate (CAGR) of 121% and will be worth of 6.37 Bn by 2025.

Mobile communication in Latin America is showing rapid expansion because of the growing use of smartphones, extensive use of data-intensive applications over the internet, such as video and social media, that are expected to expand the domination of mobile broadband.

The Latin America 5G market is classified into SIM cellular connections and SIM M2M cellular connections. This is further divided into data per user, and 5G data traffic for each category. In Latin America, SIM cellular connections make up almost 99% of the market, whereas SIM M2M cellular connections are anticipated to show a growth rate of 185% during the forecasted period. For SIM cellular connections, 5G data usage per month per user is expected to be around 16GB from the time period 2020 to 2022 hence forth we have presumed fixed usage. On the other hand, for SIM M2M cellular connections, 5G data usage per month per user will be close to 1.9GB by 2019 and is expected to expand at an increasing rate.

Based on region, the Latin America 5G market is classified into Brazil, Mexico, and Colombia. Brazil is one of the largest markets in this region since they have been quite proactive in their exploration of the potential of 5G and the government has partnered with Ericsson, a Swedish telecommunication technology to work on 5G and IoT (Internet of Things)

Key growth factors:

- o The major growth factors of the Latin America 5G market are continuous evolution towards enhanced bandwidth, lower latency, enhanced security and openness of mobile networks
- o By 2020, the smartphone adoption rate will be 71%, and 79% of mobile connections will be mobile broadband

Threats and key players:

- o The current investments in 4G networks will restrain the large scale build out of 5G in Latin America
- o Latin America has slow regulatory agencies to meet the spectrum allocation required to support the growing demand of connective devices
- o The key players in this market are America Movil, Oi SA, Telefonica Brasil, and Tim Participacoes

What's covered in the report?

1. Overview of the Latin America 5G market
2. The forecasted market size data of the Latin America 5G market
3. The forecasted market size for the segments of SIM cellular connections and SIM 2M cellular connections, and each segment's data usage (GB/month) and data traffic (EB/year)
4. The forecasted market size of the 5G market based on applications: Internet of Things, Robotics & Automation, Virtual Reality, and Other
5. Market trends in the Latin America 5G market
6. Market drivers and challenges in the Latin America 5G market
7. Current and forecasted market size data for the 5G market, based on countries – Brazil, Mexico, and Colombia
8. Analysis of company profiles of the major players operating in the market

Why buy?

1. Get a broad understanding of the Latin America 5G market and its segments based on countries and applications
2. Get region-specific drivers and challenges affecting the Latin America 5G market
3. Recognize significant competitors' business and market dynamics, and respond accordingly

Customizations Available

With the given market data, Netscribes offers customizations according to specific needs. Write to us at support@researchonglobalmarkets.com."

Contents

"Chapter 1: Executive Summary

- a. Market segmentation
- b. Key questions answered in this study
- c. Executive summary
- d. Telecommunication industry evolution
- e. Global 5G overview- 2025- 5G SIM cellular connections, 5G SIM M2M cellular connections, 5G traffic

Chapter 2: Latin America 5G market

- a. Market overview- Key observations, total revenue (2018-2025) (USD Mn)
- b. Market drivers
- c. Market trends

Chapter 3: Latin America 5G market - SIM cellular connections

- a. SIM Cellular Connections- 5G SIM cellular connections (2020-2025) (Mn), 4G, 3G, and 2G SIM cellular connections (2016-2025) (Mn), key observations
- b. Data Usage by SIM cellular connections- Data Usage (GB/month), key observations
- c. Data Traffic by SIM cellular connections- 5G Traffic (EB / year), key observations
- d. SIM cellular connections-forecasted(2018-2025) market size(USD Bn), key observations

Chapter 4: Latin America 5G market - SIM M2M cellular connections

- a. SIM M2M cellular connections- 5G SIM cellular connections (2020-2025) (Mn), 4G, 3G, and 2G SIM cellular connections (2016-2025) (Mn), key observations
- b. Data Usage by SIM M2M cellular connections- Data Usage (GB/month), key observations
- c. Data Traffic by SIM M2M cellular connections- Data Usage (EB/month), key observations

d. SIM M2M cellular connections- forecasted(2018-2025) market size(USD Bn), key observations

Chapter 5: Latin America 5G market - by countries

- a. Brazil market- SIM cellular connections, SIM M2M cellular connections, Key observations, total revenue (2018-2025) (USD Mn)
- b. Mexico market- SIM cellular connections, SIM M2M cellular connections, Key observations, total revenue (2018-2025) (USD Mn)
- c. Colombia- SIM cellular connections, SIM M2M cellular connections, Key observations, total revenue (2018-2025) (USD Mn)

Chapter 6: LATAM 5G market – applications (Internet of Things, Robotics & Automation, Virtual Reality, Others)

- a. Internet of Things- forecasted (2018-2025) market size (USD Bn), key observations
- b. Robotics & Automation- forecasted (2018-2025) market size (USD Bn), key observations
- c. Virtual Reality- forecasted (2018-2025) market size (USD Bn), key observations
- d. Others- forecasted (2018-2025) market size (USD Bn), key observations

Chapter 7: 5G LATAM landscape- company overview

- a. Company overview – America Movil
 - i. Key highlights
 - ii. 5G growth strategy and investments
- b. Company overview – Oi SA
 - i. Key highlights
 - ii. 5G growth strategy and investments
- c. Company overview – Telefonica Brasil
 - i. Key highlights
 - ii. 5G growth strategy and investments
- d. Company overview - Tim Participacoes
 - i. Key highlights
 - ii. 5G growth strategy and investments

8. Chapter 8: 5G-The road ahead

- a. 5G Impact on media companies
- b. 5G Impact on connected device makers
- c. 5G Impact on network operators
- d. 5G Impact on network suppliers

9. Chapter 9: Appendix

- a. Research methodology
- b. Assumptions
- c. About Netscribes Inc

Disclaimer: The Table of Contents (ToC) provided above contains the targeted coverage. The coverage is subject to change as we progress with the research.

COMPANIES COVERED

- o America Movil
- o Oi SA
- o Telefonica Brasil
- o Tim Participacoes

About NIIR

NIIR PROJECT CONSULTANCY SERVICES (NPCS) is a reliable name in the industrial world for offering integrated technical consultancy services. NPCS is manned by engineers, planners, specialists, financial experts, economic analysts and design specialists with extensive experience in the related industries.

Our various services are: Detailed Project Report, Business Plan for Manufacturing Plant, Start-up Ideas, Business Ideas for Entrepreneurs, Start up Business Opportunities, entrepreneurship projects, Successful Business Plan, Industry Trends, Market Research, Manufacturing Process, Machinery, Raw Materials, project report, Cost and Revenue, Pre-feasibility study for Profitable Manufacturing Business, Project Identification, Project Feasibility and Market Study, Identification of Profitable Industrial Project Opportunities, Business Opportunities, Investment Opportunities for Most Profitable Business in India, Manufacturing Business Ideas, Preparation of Project Profile, Pre-Investment and Pre-Feasibility Study, Market Research Study, Preparation of Techno-Economic Feasibility Report, Identification and Section of Plant, Process, Equipment, General Guidance, Startup Help, Technical and Commercial Counseling for setting up new industrial project and Most Profitable Small Scale Business.

NPCS also publishes various process technology, technical, reference, self employment and startup books, directory, business and industry database, bankable detailed project report, market research report on various industries, small scale industry and profit making business. Besides being used by manufacturers, industrialists and entrepreneurs, our publications are also used by professionals including project engineers, information services bureau, consultants and project consultancy firms as one of the input in their research.

NIIR PROJECT CONSULTANCY SERVICES , 106-E, Kamla Nagar, New Delhi-110007, India. **Email:** npcs.india@gmail.com **Website:** NIIR.org
