About the Book

Everyone wants to do something that gives them chance to earn more money and it is possible by becoming an entrepreneur. Starting your own business is one of the few remaining paths to wealth. Entrepreneurship is one of the critical decisions to be made and it involves number of risk and has its own advantages also. But the charm of being a master of you is always above any other form of work. To start your own venture you have to decide on many things. Making a choice of the right project is a difficult decision for an entrepreneur and is an imperative decision. For the reason that rest of the challenges for setting up a business is based on the type of the product and fund to invest. To start a business of your own you need to understand the environment to set up an enterprise of you own. The small scale enterprise sector is a dynamic and vibrant segment of the Indian Economy. This sector is the nursery for the development of entrepreneurial talent and has grown into an important component of the production chain. In both developed and developing countries, the Government is turning to small and medium scale industries and entrepreneurs, as a means of economic development and a veritable means of solving problems. It is a seedbed of innovations, inventions and employment. You do not need to be a genius to run a successful small business, but you do need some help. And that is exactly what this book is, a guide into the stimulating world of small business ownership and management.

Startup India Stand up

Our Prime Minister unveiled a 19-point action plan for start-up enterprises in India. Highlighting the importance of the Standup India Scheme, Hon'ble Prime minister said that the job seeker has to become a job creator. Prime Minister announced that the initiative envisages loans to at least two aspiring entrepreneurs from the Scheduled Castes, Scheduled Tribes, and Women categories. It was also announced that the loan shall be in the ten lakh to one crore rupee range.

A startup India hub will be created as a single point of contact for the entire startup ecosystem to enable knowledge exchange and access to funding. Startup India campaign is based on an action plan aimed at promoting bank financing for start-up ventures to boost entrepreneurship and encourage startups with jobs creation.

Startup India is a flagship initiative of the Government of India, intended to build a strong ecosystem for

nurturing innovation and Startups in the country. This will drive sustainable economic growth and generate large scale employment opportunities. The Government, through this initiative aims to empower Startups to grow through innovation and design.

What is Startup India offering to the Entrepreneurs?

Stand up India backed up by Department of Financial Services (DFS) intents to bring up Women and SC/ST entrepreneurs. They have planned to support 2.5 lakh borrowers with Bank loans (with at least 2 borrowers in both the category per branch) which can be returned up to seven years.

PM announced that “There will be no income tax on startups’ profits for three years”

PM plans to reduce the involvement of state government in the startups so that entrepreneurs can enjoy freedom.

No tax would be charged on any startup up to three years from the day of its establishment once it has been approved by Incubator.

The major contents of this book are manufacturing of batting gloves, noodles, public address amplifiers, surgical dresses, wrought iron furniture, quality control and standards, market potential, present manufactures, textile screen printing, technical aspects etc.

This book gives an insight to the products to start with in order to become a part of this growing section of industries with their plant machinery, Raw material requirements as well as market and manufacturing details.

Contents

1. BEE - HIVE METALLURGICAL COKE
Introduction
Market Potential
Basis and Presumptions
Implementation Schedule
Technical Aspects
Quality Controls and Standards
Production Capacity
Pollution Control
Environmental Pollution
Plant Economics

2. CRT DATA DISPLAY MONITOR (MONOCHROME)
Introduction
Market Potential
Present Manufacturers
Basis and Presumptions
Implementation Schedule
Technical Aspects
Quality Control and Standards

Production Capacity
Environmental Pollution
Pollution Control
Energy Conservation
Plant Economics

3. CONTROL PANEL (FOR SINGLE PHASE SUBMERSIBLE PUMPSET)
Introduction
Market Potential
Basis and Presumptions
Implementation Schedule
Technical Aspects
Quality Control and Standards
Production Capacity
Environmental Pollution
Energy Conservation
Plant Economics

4. ELECTRIC FURNACE
Introduction
Market Potential
Present Manufacturers
Basis and Presumptions
Implementation Schedule
Technical Aspects
Quality Control and Standards
Production Capacity
Pollution Control
Energy Conservation
Plant Economics

5. ELECTRIC TANDOOR
Introduction
Market Potential
Present Manufacturers
Basis and Presumptions
Implementation Schedule
Technical Aspects
Quality Control and Standards
Production Capacity
Pollution Control
Energy Conservation
Plant Economics

6. FULL PVC FOOTWEAR
Introduction
Market Potential
Basis and Presumptions
Implementation Schedule
Technical Aspects
Quality Control and Standards

Production Capacity
Pollution Measures
Plant Economics

7. GLASS MIRROR
Introduction
Market Potential
Present Manufacturers
Basis and Presumptions
Implementation Schedule
Technical Aspects
Protective Coating on Silvered Surface of the Mirror
Silvering Solution
Quality Control and Standards
Production Capacity
Pollution Control
Energy Conservation
Plant Economics

8. HOT CASES
Introduction
Market Potential
Basis and Presumptions
Implementation Schedule
Technical Aspects
Quality Control and Standards
Production Capacity
Pollution Control
Energy Conservation
Plant Economics

9. MANUFACTURING OF BATTING GLOVES
Introduction
Market Potential
Present Manufacturers
Basis and Presumptions
Implementation Schedule
Technical Aspects
Production Capacity
Pollution Measures
Energy Conservation
Plant Economics

10. NOODLES
Introduction
Material Potential
Present Manufacturers
Basis and Presumptions
Implementation Schedule
Technical Aspects
Process in Detail

Quality Control and Standards
Production Capacity
Pollution Measures
Energy Conservation
Plant Economics

11. PVC CABLES
Introduction
Material Potential
Present Manufacturers
Basis and presumptions
Implementation Schedule
Technical Aspects
Advantages of PVC Cables
Cable Range at a Glance
Production Capacity
Quality Control and Standards
Environmental Pollution
Energy Conservation
Plant Economics

12. PORTFOLIO BAG
Introduction
Market Potential
Present Manufacturers
Implementation Schedule
Technical Aspects
Quality Control and Standards
Production Capacity
Pollution Measures
Energy Conservation
Plant Economics

13. PUBLIC ADDRESS AMPLIFIERS
Introduction
Market Potential
Present Manufactures
Basis and Presumptions
Implementation Schedule
Technical Aspects
Quality Control and Standards
Signal Processing
Production Capacity
Environmental Pollution
Energy conservation
Financial Aspects
Plant Economics

14. RECTIFIER D.C.
Introduction
Market Potential

Present Manufacturers
Basis and presumptions
Implementation Schedule
Technical Aspects
Quality Control and Standards
Production Capacity
Environmental Pollution
Energy Conservation
Plant Economics

15. SUGAR GLOBULES
Introduction
Market Potential
Implementation Schedule
Technical Aspects
Pollution Measures
Energy Conservation
Plant Economics

16. SURGICAL DRESSES (DOCTOR'S DRESS)
Introduction
Market Potential
Present Manufacturers
Basis and Presumptions
Implementation Schedule
Technical Aspects
Quality Control and Standards
Production Capacity
Pollution Measures
Energy conservation
Plant Economics

17. TEXTILE SCREEN PRINTING
Introduction
Market Potential
Present Manufactures
Basis and Presumptions
Implementation Schedule
Technical Aspects
Quality Control and Standards
Production Capacity
Motive Power
Pollution Control
Energy Conservation
Plant Economics

18. TRUMOCK SHOE WITH TPR SOLE
Introduction
Market Potential
Basis and Presumptions
Implementation Schedule

Technical Aspects
Quality Control and standards
Production Capacity
Pollution Measures
Energy Conservation
Plant Economics

19. WHITE STAPLES PINS
Introduction
Market Potential
Implementation Schedule
Technical Aspects
Quality Control and Standards
Production Capacity
Pollution Measures
Energy Conservation
Plant Economics

20. WROUGHT IRON FURNITURE
Introduction
Market Potential
Basis and Presumptions
Implementation Schedule
Technical Aspects
Quality Control and Standards
Production Capacity
Pollution Measures
Energy conservation
Plant Economics
