India Emerging Business Opportunities: Cold Chain Sector (Why to Invest, Project Potential, Core Financials, Market Size & Industry Analysis)

Author: NPCS Team

Format: Paperback

Book Code: NI278

Pages: 39

ISBN: 9789381039519

Price: Rs. 29,500.00 **US\$** 500.00

Often termed as the sunrise sector, cold chain logistics hold immense growth potential in India. Rising Indian Population, mounting consumer incomes and changing preferences have led to increased focus on food security and health services. The demand for processed food has also risen sharply necessitating the support from efficient cold chain logistics of the country. Responding to the high growth opportunities in the cold chain logistics sector, Niir Project Consultancy Services has released a new research report titled 'India Emerging Business Opportunities: Cold Chain Sector (Why to Invest, Project Potential, Core Financials, Market Size & Industry Analysis)' which identifies cold chain sector as a promising & lucrative investment option. The report classifies the sector after scrutinizing the various aspects like value drivers of the sector, the regulatory environment and prevalent subsidies, potential buyers, present players and the project details. While expanding a current business or while venturing into new business, entrepreneurs are often faced with the dilemma of zeroing in on a suitable product/line. And before diversifying/venturing into any product, they wish to study the following aspects of the identified product: • Good Present/Future Demand • Export-Import Market Potential • Raw Material & Manpower Availability • Project Costs and Payback Period We at NPCS, through our reliable expertise in the project consultancy and market research field, have identified cold chain project which satisfies all the above mentioned requirements and has high growth potential in the Indian markets. The report, at first, discusses the present scenario and components of the industry as a whole covering the structure, segmentation and components. And then moves on to elaborately illustrate the factors that make case for investing in the sector. Industries like organized food retail and QSR (Quick Service Restaurants) owe much of their growth to the cold chain sector. An effective cold chain infrastructure forms the very backbone of the food industry in India. In the view of rising population and appalling healthcare status, ensuring food security to every Indian and easy availability of medicines has scored as a top priority in government agenda. The sector has effervescent future with the much revered government backing, apparent growth in user industries and favorable demographics of the country. Elaborating on the government support, the report disseminates information on various subsidies and government schemes

applicable for cold chain development in the country followed by the outlook of the sector. The report further navigates through the key player information of the sector. It includes company profiles of players like Kausar India, Snowman Logistics and Fresh & healthy Enterprises along with a snapshot of their financials and contact details of other players as well. Now, the part which forms the core of the report is the 'Project Details' segment. It includes project details like list of machinery and basic project financials. Project financials like plant capacity, costs involved in setting up of project, working capital requirements, projected revenue and profit are listed in the report. Indian market is evolving with changing lifestyles, rising urbanization and growing disposable incomes which will be the key benefactors of growth in cold chain user industries like Food service industry, processed food industry and organized retail industry. Additionally mounting government endeavors towards reducing food wastage and penetrating healthcare in deep corners of the country will help in strengthening cold chain infrastructure in India. The cold chain sector in India is still in the nascent stage with enormous growth potential on the back of climatic diversification and geographically vast size of the country. Indian cold chain sector was estimated to be at INR 245 billion in 2013 and we anticipate it to cross INR 600 billion mark in the next 4 years. Reasons for buying the report:
